

Enterasys Service Units

Flexible Access to Enterasys Professional Services & Training

Enterasys Networks' develops unique Secure Networks[™] solutions that deliver integrity, performance and security for your networking infrastructure, and the resources and applications that depend on it. Enterasys' Professional Services greatly simplify the implementation of Secure Networks, and accelerate the return on investment for the purchased solution. Training enables optimal operations and ongoing efficiency. Enterasys Service Units make it easy to purchase and reserve access to Enterasys Professional Services & Training, while giving you the flexibility to utilize these services at the time most convenient for you. By purchasing Enterasys Service Units, you gain access to our entire portfolio of Professional Services & Training offerings for up to one year from date of purchase.

Benefits

Achieve Flexible Access to Secure Networks Professional Services & Training

- Service units can be applied to the Professional Services you need, when you need them
- Some typical applications for Enterasys Professional Services engagements include:
 - Enabling converged voice/video/data traffic
 - Provisioning secure guest access to corporate resources
 - Managing access to Internet, e-mail or other applications
 - Preventing the hosting or downloading of inappropriate content
- Enterasys Service Units may also be used for open enrollment or custom training

Simple to Purchase and Easy to Use

- Easily determine the number of Enterasys Service Units required for any implementation by collecting a simple set of information
- The estimation process allows for a detailed scope of work to be developed after the buying decisions have been made
- You can balance usage between professional services and training based on your current needs

Align IT Budget and Network Deployment Timelines

- Access to Enterasys' Professional Services can be purchased under existing budget guidelines, then utilized as appropriate to match IT's operational timelines
- Service Units can be procured at point of sale and used any time within the ensuing 12 months

**There is nothing more important
than our customers.**
